

Trotting and Gallop

Charlottenlund trotting track and Klampenborg race-course are with their unique location both perfect venues for any event you may require. Not to mention the thrill of the horserace which will get any gambler exited!

Vice Versa would like to invite you and your colleagues or clients to a day filled with action and of course good food.

The Goddess of Fortune takes you and your event through the day, and who knows - you might end up as the most winning player.

Your event starts out with a small tour in the surrounding area, followed by lunch at a beautifully set table. After lunch it is time to play on your favourite horse and see if you are lucky.

When the race is over, it's time to find the winner.

As an alternative we can offer you the event as a dinner event.
