

Spa at Frederiksberg

Tropical indoor climate and spas isn't exactly a part of the Danish everyday life. Who has really tried experiencing the American film clichés with champagne and strawberries in the Jacuzzi or hot parties by the pool? Or what about introducing a new collection, a strategy or a product in a very untraditional way? Thanks to a unique agreement with Frederiksberg swimming bath, we give you the opportunity for the above and much more. All year round, this newly renovated and historical swimming bath from the 30'ies can form the basis of your arrangements, where the only limit is your imagination.

The stylish swimming bath has got a luxury- as well as a health section, where the guests can be spoiled from the very first second. There are individual cabins for changing clothes, and inside the bath there is everything your body desires: Aroma baths, sauna and Turkish baths, temple- and rainbow showers, spa, jet massage tubs, electrical chairs for massage and last but not least the dead sea salt pool.

Your employees or clients can get an exceptional experience after the official opening hours of the swimming bath, where nothing will disturb you and where you will be your own bath attendant. The place also contains more spectacular opportunities, which doesn't have to take place in the water.

Invite your guests to a floating dinner in the middle of the pool. We install a platform in the middle of the basin and carry your guests from one side to another in a small boat. Because of the gentle indoor climate, this is the perfect occasion for the light gala dresses to be taken in use. The glimmer of the candles in the clear water makes the settings perfect for the exceptional party.

For happenings the place contains a great potential. It breaks with the expectations that the participants might have and gives your show attention and publicity out of the ordinary. Imagine a catwalk, where the models walk on water, or what about a product launching where your novelties appears from the deep, incorporated in a show full of effects, lights, sound and water.

We look forward to realize your ideas and create a unique event, which the participants will always remember.

For 10 - 150 persons, depending on the event
