

M.A.S.H.

Tired of parties that all look the same? Then, we have got the concept that will give you a different experience next time your company is having a party, or when you want to surprise clients with an event out of the ordinary.

We offer you a fun and entertaining evening as we decorate and transform the location for a M.A.S.H. party and into a big military hospital camp - either inside or outside depending on the time of year.

Only nurses, doctors and soldiers are allowed, so there are plenty of opportunities to get away from your everyday role... and normally it doesn't happen quietly. The wounded get drinks through their drops, and the authentic atmosphere is increased by oil-lighters with fire, tents, camp beds, jeeps, helicopter sounds and checkpoints. At this party you will have the opportunity to experience all the clichés about macho guys in uniforms, charming doctors and hot nurses.

Inside the M.A.S.H. camp there are numerous competitions and happenings that can be adjusted in order to fit the type of participants and size of party.

For instance: shoot at your competitors' logos or divide into teams and compete against each other or what about a spy hunt, where the teams must use all their strategic and creative abilities to outwit the enemy.

The M.A.S.H concept can be used as a festive evening that is something more than just an ordinary party in your company, or as a theme where teambuilding and social gathering take place while a party is coming to alive around you.

Provide us with your wishes and we will create a M.A.S.H. camp and arrange a party for you to remember!
