

## Jewellery Workshop

Vice Versa gives you a unique opportunity to be part of a jewellery designer's amazing universe. Besides getting advices about the latest jewellery trends you get the chance to design and produce your own jewellery. Our experienced designer will show you the various techniques and of course inspire and help you.

During the workshop you will be divided into groups based on the type of jewellery that you would like to produce.

It will be possible to create different types of earrings, bracelets, rings or necklaces. Necklaces can be made of various types of metals, such as silver, gold, white gold or brass. Alternatively you can use leather cord. You can also choose between a large selection of stones and beads. All materials are of high quality.

There are numerous of materials and combinations and only your imagination sets the limits. You can, for example, also work with combination jewellery, where new charms can be added. This way your necklace can change from day to day.

At the end of the workshop you will definitely have your very own unique piece of jewellery.
