Test your skills in one of today's most popular television concepts, adjusted to your preferred dance floor. Now you have the opportunity to do like the celebrities do it. Experience the development and the joy of learning how to dance and perform with your colleagues. Professional dancer Rene Christensen from the Danish version of Strictly come dancing together with a professional team will lead your event. You will be guided safely through the different elements of dance, directly toward the evening's gaily decorated dance floor and strict judges.

The concept offers different intensive tasks for each of the participating dance couples. Furthermore, it is an outstanding and different way to strengthen the social relations for the whole group. The competitive level can be adjusted to your needs and will play a part in the groups overall performance.

The concept is flexible according to budget, location and time schedule. Strictly come dancing is often carried out as a full day / evening event with dinner and party. It is also possible to schedule the dance lessons for a longer period of time or to use only some elements of the concept.

On the whole, you will be divided into groups. If the groups can't be divided equally between the sexes, we have solutions that definitely wouldn't hurt the level of entertainment.

A rotation system will bring the participants through 3 workshops and transform them into fashionable dance stars. You'll be assisted by makeup artists and get the opportunity to dress in all kinds of outfits.
