

Ystad Spa

In Ystad – just on the other side of the Sound - professional masseurs welcome you to an experience of your senses!

Ystad Spa and Conference Hotel is newly renovated and steam and bubbles awaits you in a harmonic and guest free atmosphere.

With soft and stress reducing part and full massage we offer you a formidable relief for the tested and worn-out muscles. Do you need a rejuvenation treatment then body peeling or body scrub is an idea – not to mention aroma massage or mud baths.

The length of the treatment is up to you – right from 30 minutes face treatments to 2 hours luxuries treatments, where body and soul will get increased energy.

We also offer different combination packages – e.g. a full day program or a spa weekend where you will be spoiled.

If you are interested in golf it is possible to test your skills on one of the golf courses nearby in e.g. Ystad, Tomelilla or Abbekås. Afterwards, to head back to the hotel and get a well deserved massage.

All options are offered as full service concepts, so the most important task for you is to relax and enjoy being centre of the events.

Besides the spa experiences, modern conference facilities for smaller groups are offered, all of it in the immediate vicinity of forest and beach.
